REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the claims address a cone beam, three-dimensional reconstruction method where a 3-D region of interest is identified in the cone beam projection image and the image reconstructed at the plurality of points defined by the ROI. This feature is neither shown nor fairly suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Oikawa US 6,463,116 B1 and Morita *et al.* US 6,643,351 B2 show reconstruction onto a lattice overlapping the ROI.
